Head Teacher: Stuart Kelly

**To: All Falkirk High School
Parents / Carers**

Dear Parent / Carer

Subject: Parent Portal

At Falkirk High School we are always looking at ways to improve our communication with parents and we try to streamline the amount of information as we are aware it can be overwhelming. As part of our Parent Engagement Strategy, we are delighted to offer you a digital platform for you to communicate with the school. Falkirk High School and our cluster primary schools will be using the parentportal app and we would encourage you to sign up and create an account.

Falkirk Council is one of a number of local authorities in Scotland which is signed up to this digital platform allowing parents and guardians to view information about your child(ren)'s education, such as:

- pupil timetables
- update your personal data directly, for example change of address / contact details
- you can notify the school of pupil absences or medical appointments
- you can even to apply for the Young Person's Free Bus Travel Scheme

More and more systems will be linked to the portal in the coming months such as Ipay for payment of school meals and trips etc.

Your account is linked, if you have multiple children of school age so you only have one login. Please click to see a video of [parentportal](#).

You log in to the service using the myaccount system which links each parent or guardian to their child(rens) progress while also keeping your data private and secure. You can do all of this with a single sign-on and you will have access to your data and a digital channel to communicate with FHS.

To enable you to communicate with us from the date we go live, please can you go to www.parentportal.scot to sign-up.

Yours sincerely

**Stuart Kelly
