

PJLT TEAM

2025/2026

OUR VISION

Our mission and vision for this 2025-2026 period as the Pupil Junior Leadership Team is to make sure all young people and teachers in the school feel as comfortable and happy in our environment as possible. We want to make it easier to reach out to people who may be struggling and support them with managing school stress in general. We want the students in Falkirk High School to have the highest chances of achieving their dreams and aspirations. As a team we are committed to ensuring that we make a difference for the better using our teamwork skills. We're developing the school for the students, with the students. We want everyone to feel included and happy as together we are FHS!

What we plan for this year

Support

Support will be provided with study techniques and resources to help ensure the best results in your future.

We will encourage young people to come up to us with any questions or suggestions for this year.

We also want the young people to know they can also speak to people if they are struggling so will remind people of the supports fhs provide!

Improvements

This year we plan to make a change to the pep program, which would involve completing any unfinished school work, homework and even revision for tests as we know it can sometimes be hard finding that extra hour to do it at home!

We want to involve more outdoor learning into the curriculum to help give students more fresh air, feel more calm and break up the day.

Activities

We also plan to help prepare a subject choice fair to help young people who may be unsure and struggling with what to pick for their subjects for the following year.

We also want to implant more varied, fundraising sports days for students to get involved and socialise with others to improve physical and mental health!

On last days of school we would like to organise some more full school events on the pitch eg. Full school dodgeball to bring our school together as a whole.

MEET THE TEAM!!

KATIE CORBETT

CAPTAIN

A bit ABOUT mE

I love playing basketball and currently play for Falkirk fury, I used to get training off Andy Murray's mum for tennis, when I leave school I want to be a dentist.
